

ArchTek

# Press and Fit™ Wax Bleaching Trays

- **Press and Fit™** tray does not require hot water for forming to the teeth
- Textured reservoir design holds the correct amount of bleaching solutions against the tooth surface
- Designed for use with most available bleaching solutions
- Scalloped edges form to the gingival margins

■ Trays packaged separately in convenient 4-pack clamshell or in **Archtek's Bleaching Kit** with 8 reusable wax **Press and Fit™** Trays

■ Archtek's **Press and Fit™ Wax Bleaching Trays** stay securely in place without sliding out of position.

■ Hinged 4-pack clamshell holds and protects individual arch-shaped wax trays
